New Rubber Flat Roof and Decking

10 / 10

Justin did a first class job on my flat roof in very difficult weather conditions. Despite a short gap between decking the roof and completing the job due to the weather Justin frequently checked on the condition of the temporary sheeting and kept me informed at all times. I would not hesitate to recommend Justin to anyone and it was a treat nowadays to get a tradesman that did exactly as promised. **Customer in Farnham, 11 May 2012**

First time used Justin - I got his details via Checkatrade. I have several rental properties so always looking for good quality, competitive, reliable trades people. Justin seems to know 'his stuff' and did a good job. I liked his easy going manner, he explained what he was doing and why plus made some additional suggestions. He also phoned with updates. Would recommend and have since used him again for roofing work. **Customer in Aldershot, 21 July 2011**
