Most Recent Customer Feedback

Boiler repair and gas safety check

10 / 10

I had a defective boiler in a rental property. JAB Ltd came out to look at the problem on a Saturday and repaired the boiler Monday. Unfortunately it came to light that the boiler had another issue. Again, the boiler was fixed the following day. The company delivered a timely service at what I thought was a fair price. The company were recommended to me and I will be recommending to people, should they be requiring a boiler engineer/plumber. **Customer in Brighton, 14 February 2011**

Repairs to boiler and fan

10 / 10

Very fast worker, reliable and highly recommended. Will definitely contract Jeff again **Customer in Brighton, 9 February 2011**

Install new sanitary ware in bathroom.

10 / 10

Arrived on time, on budget and highly recommend! **Customer in Brighton, 22 November 2010**

Fitting new multi-point boiler

10 / 10

Jeff did a splendid job replacing old boiler with a new multi-point which involved new pipe work, removing old water tank in a very confined cupboard, drilling and fitting new venting system, draining and cleaning out radiators and other things I'm sure which I was not aware of. I cannot recommend him enough. **Customer in Brighton, 30 October 2010**

Replaced leaking shower pump

10 / 10

Having investigated the problem Jeff replaced the leaking pump the same day after purchasing a new one. This meant that we were able to use the shower again and also meant that we had water in the kitchen and utility room which is also fed via the pump. We really appreciated the speed with which this work was done. We have used Jeff in the past and always found him really good to deal with. **Customer in Hassocks, 17 September 2010**
