Started on the estimated date given. James and his colleague kept us informed at all stages of the works' progress. Did a very good job and paid particularly good attention to the detail of the work and it was finished to a high standard. Polite and courteous workers, who left our property clean at the end of each day. We are very pleased with the job and have no hesitation in recommending James to others. **Customer in Carshalton, 10 January 2012**

4 tier sandstone patio steps on facing brickwork and rendering of existing blockwork, pointing and general tidying up

James' guys were great - turned up on time, very tidy, protecting and cleaning the route through the house, and their work was of excellent quality - they clearly know what they are about. James' input into the design was fantastic - it looked so much better than I had expected. I would highly recommend James - it is not often that you get reliability, quality and price delivered above expectations. Thanks for a great job, and delivering before Christmas!! **Customer in Redhill, 22 December 2011**
