#### Replastering

6.8 / 10

Cannot fault the quality of the work done by the team. Very impressed. My only issues have been with reliability. There have been problems with getting in touch with them, and things not being done/people turning up as they said they would. Ultimately things were completed a few days later than expected. If you're not in any rush, then I'd be happy to use them as the quality of the work is good, but if you are working to a deadline, then I would think twice and check what other work they are doing at the same time. Nice chaps though, who seem to take pride in their work. **Customer in Rowland's Castle, 6 September 2011**

#### Totally reskimmed walls and ceiling and replaced coving in bedroom

10 / 10

Very impressed, right from the start when James came round to quote, he took his shoes off (new carpets laid 2 months ago so this was a big plus!) Both James and Lloyd were very tidy and very polite throughout. The job was very well done and I wouldn't hesitate to recommend them. I will get them round again for future work. **Customer in Waterlooville, 14 February 2011**

#### Prepare and plaster 2 rooms.

9.8 / 10

James and his team did an excellent job of replastering 2 rooms. The wall in both rooms were heavily artexed and there had to be a lot of preparation before they could even start to plaster. The finished result was excellent and the company is highly recommended. **Customer in Waterlooville, 18 October 2010**

**Completely plaster kitchen walls and ceiling plus bring one stud wall out about 20mm to match face of lintel above.**

10 / 10

Very pleased with both the work itself and the finished product. Although you have to expect some mess with plastering, it was kept to an absolute minimum and cleared up afterwards. Sheets were laid to protect the floor etc. Plaster finished to a very high standard and is ready for decorating with no further preparation required. Very pleased and highly recommended. **Customer in Waterlooville, 13 September 2010**

**3 rooms plastered**
