Most Recent Customer Feedback

Damp proof course and plastering

10 / 10

Really good job, finished well and they went the extra mile to overcome any difficulties an old house presented.
Customer in Brighton, 26 November 2011

Renovation of kitchen and dining room

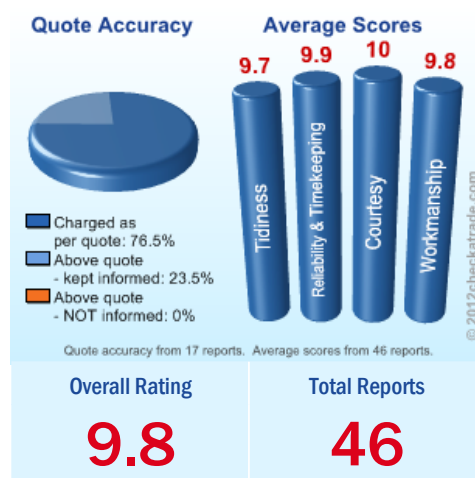

10 / 10

The work Adam and his team completed for us in the summer has completely replenished my faith in local tradesmen! From start to finish Adam was readily available to talk to and meet if necessary and this really helped to keep us sane when half your house is a building site and everything sounds terribly technical and rather scary! The timescale we were given was accurate to within a week or so, to our surprise, as this included extra work that we added during the job and issues that arose once the work started. The whole team were very friendly and professional and would not look out of place on DIY SOS! I would definitely recommend Adam and his team of merry men. The whole experience was worth every penny and we now have a brilliant family space that makes it so worthwhile. The aftercare has been really thorough too and we are looking forward to seeing Adam's handy-work again on our front door renovation! **Customer in Brighton, 1 August 2011**

Installation of chemical damp proof membrane and tanking of ground floor walls

10 / 10

Contacted JCJ via checkatrade. Adam was very helpful and prompt on attending the house to quote, provided a detailed and clear quote, clearly specifying what was being quoted for. The renovation works I am carrying out have absolutely no margin for error on deadline, so it is essential to me that the trades that I get in for various tasks are able to quote and do the work on time. The standards of work and the way the work was handled was excellent and I would have no problems with recommending JCJ whatsoever. I would have no hesitation in using them again in the future **Customer in Brighton, 22 July 2011**

Loft Conversion

10 / 10

Can't recommend JCJ enough. Work was ontime, on budget and exactly to the specification. Nothing too much trouble. Have since done other jobs for including a shop fit. Ross sings all day and probably should be on X factor. **Customer in Hove, 15 July 2011**

Replacement Kitchen

9.8 / 10

Once again I have been very happy with the level of service and the quality of work. Nothing has been too much trouble. Suggestions were offered to reduce cost. Problems were identified and resolved without fuss. JCJ have completed four separate jobs for me so far and throughout the team has been totally professional and trustworthy. I would have no hesitation in using them again or recommending on to friends and family. **Customer in Hove, 4 April 2011**
