Garage conversion and redesign of ground floor

9.8 / 10

Having experienced the highs and lows of many builders in the past, I can honestly say that this is the best building firm I have ever come across. Ed and Phil were a great team, they were extremely friendly and respectful of the fact that they were working in my home, never treating it like a building site - not only that but Ed brought an industrial hoover with him on a Friday to clean the place up before leaving for the weekend! My hero! Ed and Phil came up with great suggestions. They are not just 'builders' they take a pride in their work - they are 'craftsman'. I would not hesitate to recommend them and can only thank them for the great job they have done. Truly lovely people. **Customer in East Grinstead, 28 September 2011**

Building of front wall and side wall

10 / 10

Ed and his workers were very friendly, very punctual and stayed on the job until it was finished. They weren't on their mobile phones all the time and did a very good job in the time that they said they would do it in. I have no hesitation in employing them again and recommending them to others. **Customer in Lingfield, 28 June 2010**
