### Most Recent Customer Feedback

#### Replaced boiler and fixed hot water tank

10 / 10

Jack did a few jobs for my rented properties and the feedback from my tenants have been exceptionally positive. One commented that he has left the premises spotless that she did not even realise that he has been there apart from the new boiler in place. The other has mentioned that he was polite and courteous. Even the estate agent managing my properties said when he returned the keys to them he made sure he explained everything that was carried out clearly to ensure the information is fed back to the tenants if required. I have only ever dealt with Jack on the phone and have never met him until recently. He is always very cheerful and pleasant and turns up on time to all the jobs that he has done for me. His prices are very competitive and I would highly recommend him. **Customer in Morden, 20 April 2012**

#### Repair of central heating/hot water system.

10 / 10

Excellent response to our call, quickly and expertly diagnosed the results and resolved all of those issues. Tremendous customer service and professionalism no hesitation in recommending him to others. **Customer in Littlehampton, 5 April 2012**

#### New part in boiler

10 / 10

Very happy with the work will be using Jack again in May to service boilers **Customer in Littlehampton, 5 April 2012**

#### New boiler installation

10 / 10

Job done with a minimum of fuss. Jack has done a number of smaller plumbing jobs for us and he has always delivered on time, to price and is a source of good advice **Customer in Littlehampton, 15 February 2012**

**Installation of replacement boiler**

10 / 10

I have used Jack' s services several times. On this occasion his quote was the most competitive, he completed the work on time and did some creative brick work to fill an old boiler flue hole. He is a very tidy plumber, always leaves the house as he found it. **Customer in Worthing, 17 January 2012**
