Installing damp course and damp proofing bathroom 9.8 / 10

Very prompt with giving estimate and doing the work. Also solved other problems in bathroom, levelling toilet and unblocking basin, not in original estimate. Very good standard of work, thoroughly carried out. Materials used have helped to radically improve what was previously an ongoing problem. **Customer in Bournemouth, 13 July 2011**

Installing new beam and widening wall opening 10 / 10

John was very easy to work with, accurate and very competitive in price. He was very punctual and kept disruption to a minimum. He is friendly to work with and highly skilled. He was promptly able to deal with minor unexpected issues which came up during the work undertaken to our satisfaction. I would highly recommend him and would definitely have him back for any other work we may need doing in the future. **Customer in Bournemouth, 10 June 2011**
