Fixing Dimmer Switch / Mounting Dryer /Quoting and Advising on New Basin Fitting 10 / 10
John was very professional and knowledgeable and arrived on time. Very thorough and explained everything to me as he went along. His work was very neat and the standard of work was very high. I am very pleased to have found him and will have loads more things for him to fix and repair. His rates were not overpriced and he seems like a very honest person. I could not rate him high enough as 10/10 doesn't seem high enough. **Customer in Guildford, 24 February 2012**

A cattery and walkway to upstairs window 10 / 10
John took on a bit of a challenge in building my unique cattery an aerial walkway from the house to the run. He arrived within 24 hours to do my quote. He took the time to sit with me and find out what I really wanted and explained what he could do, given the space and the challenges. The finished product is stunning and came in at under his original quote,

which I find a key indicator of his honesty. He made several recommendations, based on his own research and even fixed another problem in the house while he was there! He was neat and tidy and 100% reliable. I would not hesitate to recommend John for other work. **Customer in Godalming, 21 October 2011**
