Removal of wallpaper and wood from walls, replastering and painting walls in hallway, stairs and landing

10 / 10

Deciding to have hallway and landing re-plastered and decorated with a newborn baby and toddler in the house would seem a little crazy. However, the experience was stress free. The job was completed on time to a high standard. There was minimal dust and the house left very tidy each day. We were kept up to date with planned works each day. Would definitely recommend. **Customer in Surbiton, 28 October 2011**
