Most Recent Customer Feedback

Flat pack wardrobe and bookshelf, fix mirror to side of wardrobe

9.5 / 10

Slight hick-up about the time and date, but plain sailing after sorting this out, very good standard of work, happy to shift the furniture around when the room lay-out did not work and do a couple of extra jobs while there. Made sure a sticky drawer was made to operate smoothly. Very tidy and reasonably priced. Am lining up further jobs, would definitely recommend him. **Customer in Croydon, 14 May 2012**

Replaced washer on kitchen tap and fixed shower faucet block

10 / 10

Jerry did the job very well. I was completely satisfied with his workmanship and professionalism. He actually saved me money by fixing the taps rather than replacing with new sets I had bought. I would definitely use his services again and would be happy to recommend his to anyone. **Customer in London, 3 May 2012**

Property Maintenance

10 / 10

Jerry is a skilled reliable polite and trustworthy tradesman- top bloke! He has previously assisted me with property maintenance; on this occasion with light fittings, ceiling repair and a front door lock replacement. Jerry goes that extra mile to help; he was happy to take a delivery on my behalf and agreed to carry out additional work identified whilst he was on site. I would definitely use Just Ask J again, and recommend Jerry and his team to anyone. **Customer in London, 9 March 2012**

Fixed floor board and hung curtain rail

9.8 / 10

Jerry was able to help me out when another tradesman had cancelled on short notice. He understood that I needed the job done soon and was able to come out the next day. Even with the few details I gave him he was able to fix my floor board with materials he had on hand. Whilst on the job I asked him to also hang a curtain rail, he was happy to oblige, even though he had to improvise a bit due to a lack of a ladder. The quality of the work seems very good, I would be happy to recommend him to other people. **Customer in London, 14 February 2012**

Framework for bath, wooden panels fitted to bath, boxing in of pipes, silicone around bath 10 / 10

Jerry gave me a very competitive quote and because of the reviews on this site and because of his friendly personality, I decided to use him to do the work in my bathroom. Jerry and his colleague did a very professional job and I am very pleased with the outcome. Jerry tidied up afterwards and took any remaining wood away. The silicone around the bath and the wooden panels were fitted to a very high standard and the boxing in around some pipes was very tidy and neat. I previously had some quotes from a few carpenters and they quoted double the amount that Jerry quoted. I am very pleased with the outcome and do not believe that the carpenters could have done a better job. I will definitely be recommending Jerry to friends and family and will contact him again if I need any more work done. **Customer in South Croydon, 3 February 2012**
