Most Recent Customer Feedback

Flat refurbish

9.8 / 10

Chris installed new doors, kitchen sink, tv brackets, bath, bath paneling, sink, coving, bathroom pipe boxing in, bathroom furniture, curtain poles, and vinyl finish for kitchen. Modified kitchen panels for new cooker and washing machine. Chris was also able to out source electric and plumbing work, to reputable workers who equally done a great job. Would highly recommended again, and charged a decent a price compared to competitors. Chris clearly knows his trade and his likewise for his teams. **Customer in Worcester Park, 20 January 2012**

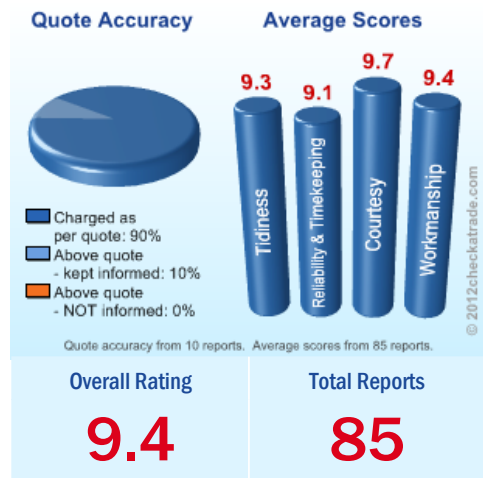

Removal of wall, installation of kitchen and laminate flooring

10 / 10

We needed a kitchen fitter urgently as our tenants had moved out and we wanted a quick turnaround on a refurb. Chris's quote was very competitive, he removed a wall for us and installed a new kitchen and laminate flooring. We were more than happy to leave Chris with the keys. Chris worked on both the Saturday and Sunday to help us out. We are very happy with the work Chris has carried out, the kitchen diner looks really good and has added a lot of value onto our property. I have already recommended him to the neighbours and will no doubt have him carry out some further work in the near future. The work was both on time and budget and Chris did in fact do some extra work for us free of charge. **Customer in Hove, 10 October 2011**

Fitted a pack-flat kitchen including cooker and hob

8.3 / 10

Trader gave us an excellent price and did a great job on the work tops and on cutting back our cupboards to fit the kitchen. He also relocated our sink and sank the waste pipe into the wall to make it fit behind our cupboards, which other suppliers hadn't been prepared to offer. Chris estimated three days for the work initially which we were very pleased with. We would have given Chris 10 for quality of workmanship as he is clearly skilled and has good attention to detail. However, we gave him 9 as we felt this slipped towards the end as the tiling is less even than it might have been, presumably because of the time pressures. We found a leg had come off one cupboard when we later removed the plinths to do the flooring. Looking at our kitchen now we are pleased with the end result, and we were pleased that Chris came back afterwards to fix a pipe seal where it was dripping, since when we've had no problems. Generally we found that Chris had a straight-forward approach and we felt able to ask questions and sort things out as we went along, which we greatly appreciated. . **Customer in New Malden, 6 September 2011**

Complete kitchen and utility room refit.

10 / 10

Chris and his team replaced our kitchen and utility room. Plenty of remedial work needed to be carried out before the new kitchen could be fitted and Chris made sure that all other trades carried out their work to meet his high standards. As our kitchen units were fitted, Chris altered and modified components to make the overall finish perfect. All joints, gaps and levels are as they should be and nothing was too much trouble for Chris to satisfy our high expectations. He is the first tradesman who has given us exactly what we asked for rather than an easier option. Chris and his team come highly recommended by us. **Customer in Oxted, 16 August 2011**

Kitchen Fitting

10 / 10

Chris fitted our kitchen beautifully. He works very hard and takes pride in his work. I wouldn't hesitate to use him again or recommend him to anyone else. **Customer in Oxted, 12 July 2011**
