Various repairs to tiling and guttering plus replacement of a slipped tile 10 / 10

This is the second time that I have used Mr Barnard for roof repairs (both entirely different repairs!!) and, as before, he was friendly, polite, reliable and got the job done quickly and efficiently. The quote given was kept to and he turned up promptly at the time that we had agreed. All in all I can't really fault his service and professionalism. **Customer in South Croydon, 28 March 2012**

Fixed a leaking roof 10 / 10

There was a leak coming through a bedroom ceiling when it rained heavily. We had various quotes, all quite different and all with slightly different opinions on what the problem was. Mr. Barnard's assessment of the situation was the simplest and seemed to make sense and so we decided to use him. He seems to have fixed the problem because in the few rainy times that we've had since the beginning of the year we haven't seen any leaking and every time I touch the hole that developed in the ceiling I get showered with dust!! If we need more work done on our roof I shall not hesitate to get back in touch. **Customer in South Croydon, 2 January 2012**
