#### Kev and his assistant patched my ceiling after a major shower leak and then skimmed and replastered. 10 / 10

The work was superb, he is one of the few tradesmen I have dealt with who e-mails, returns phone calls and gives a time and sticks to it as to when he'll do the work. He was very good, careful and tidy. He tidied up well afterwards. The work itself is superb and to a very high quality and standard. The plaster is drying well and the ceiling now ready for decorating. I would have no hesitation in recommending Kevin to family or friends. Excellent. **Customer in Farnham, 18 April 2012**

#### Repairs to hall ceiling. 10 / 10

Kevin arrived within minutes of my telephone call and proceeded to explain to me in great detail how to do the repair myself, as he felt it didn't warrant the extent of replastering I envisaged. He even gave me some of the material required to do the job. He absolutely refused to take any money for his material or time. A thoroughly decent and honest tradesman. **Customer in Camberley, 1 March 2012**

#### Plastering kitchen ceiling 10 / 10

Very pleased with the work done here would highly recommend and will use Kev again **Customer in Farnborough, 2 December 2011**

#### Nursery and hallway -skimming of ceiling and walls in nursery and replacement of ceiling plus skimming of ceiling and walls in hallway 9.8 / 10

Couldn't be happier. Turned out that our nursery ceiling was very fragile and needed boarding to be safe. We were happy (as well as lucky) that this was discovered early on and the added cost was not a great deal more than quoted. The finished job looks amazing -it couldn't have been done by a nicer chap and we are happy to recommend him as well as to use him again. **Customer in Farnham, 5 May 2011**

**Skimmed all hall walls and two other walls initially.**

10 / 10

Kevin gave a very fair estimate for a good job and was one third cheaper than another plasterer, whose quote was grossly over priced. Kevin arrived promptly on the date given and was professional and tidy. As a result of this piece of skimming, I had him back on the 18th April to skim all the walls in my lounge diner, three in my bedroom and one in the kitchen. I will ask him to quote skimming the walls of the last bedroom, when it is decorated next. My son has a good knowledge of the building trade and was here when the plastering was done. He recommended Kevin to his friend who was looking for a plasterer to plaster several walls in his house too. I also have a neighbour who needs all the walls in her house skimmed and she will be using Kevin for hers too. **Customer in Guildford, 7 April 2011**
