Replace and extend existing driveway and path

10 / 10

Work required was discussed and fully understood beforehand and a start date given, (amazingly only started a couple of days late despite the non-stop rain of the previous weeks). The coordination of the deliveries and waste removal worked seamlessly and all the work was carried out well and to the agreed plan. I now have the driveway that I wanted and a testimony to Keystone is the number of favourable comments I've had about it in only a few days. It's refreshing to find tradesmen that are courteous and polite, (even my neighbour commented on this) and I have no hesitation in recommending Beau and Andy to anyone with paving needs. **Customer in Burgess Hill, 8 May 2012**

New block drive laid

10 / 10

The work by Beau and Andy and the team was first rate. Despite the terrible weather they were able to get the work completed within an acceptable timeframe. They were pleasant and courteous and kept us informed all through the process. We are extremely pleased with the end result. **Customer in Haywards Heath, 23 April 2012**
