Local House move in Southampton

10 / 10

I can only praise the work that Simon, Tony and Matt did for mine and my wife's move. We used their packing service the day before that I would most definitely recommend. They were extremely polite and hardworking and finished alot quicker than I imagined with everything neatly packed away. On the move day they arrived on time and had us packed up promptly. At our new house they were fast and efficient and everything made it there in one piece along with our oak bed put up for us! Our sofa unfortunately did not fit in our living room, but the team tried every which way possible to get it in. I will be recommending this company in the future to any friends who move. **Customer in Southampton, 2 May 2012**

House move Emsworth

10 / 10

From before the move when planning, delivering boxes through to packing fragiles the day before moving, to the move day itself Jamie, Lee, Simon, Graham and the rest of the team were superb. Nothing was too much trouble for them and they worked very hard both at the move itself and calming us on such a stressful day. If you want a polite, conscientious, clean working friendly team to move you who incidentally are also very good value for money then look no further. As you can probably see we cant rate these guys highly enough. Thanks. **Customer in Emsworth, 11 April 2012**
