Recent Customer Feedback

New fuse board fitted, new earth connection, cooker hood fitted and other light fittings. 10 / 10

Glen was prompt and charming. He got on with the job and was willing to go the extra mile, e.g fitting a pig of a cooker hood! The only drawback is that he is always booked way ahead, so don't be in a hurry. **Customer in Croydon, 22 January 2015**

Fitted RCD to consumer unit. 10 / 10

This was the second time I've called on Glen for electrical work. He's personable, won't mess you around, is happy to explain what he's doing and has competitive rates. **Customer in Wallington, 20 January 2015**

Put new sockets in kitchen, new lights and extractor fans in bathrooms and repaired a cable that I had cut through. 10 / 10

It is great when you find an electrician that has the "can do" attitude and doesn't take a sharp intake of breath and tell you all the reasons that things can't be done. **Customer in Croydon, 2 December 2014**

Install a new consumer unit. 10 / 10

Glen was punctual, professional and in addition to the work we wanted him to do, he ran a plug socket into a walk-in closet. Great workmanship. Would recommend! Thanks. **Customer in London, 28 October 2014**

New consumer unit. Light switch relocated. 10 / 10

Great Job. All works done quickly and as agreed. Testing completed and Building Control paperwork completed. Very satisfied! **Customer in South Croydon, 26 September 2014**
