Most Recent Customer Feedback

Remove tiles and battens; Lay underfelt, new battens and re-tile. 10 / 10

Having used Mark to carry out a similar task on another part of the roof and being very satisfied with that work I asked him to quote for further work on another part of the roof. Not only did he do another first class job in the agreed timescale he actually fixed some tiles that had come loose elsewhere and kept to his original quotation. I have absolutely no hesitation in recommending Mark to anyone requiring roofing work. I would certainly use his services again should I ever need them. **Customer in Alton, 17 April 2012**

Remove tiles, lay under felt, repair lead flashing and re-lay tiles 10 / 10

Arrived as promised each day, courteous and hardworking. Did an excellent piece of work over three days - tidying up each day! **Customer in Alton, 10 April 2012**

Remove tiles, removed wooden batons, lay under felt, fix new batons and relay tiles. 10 / 10

Came each day at promised time. Was courteous and hard working, cleared up after each day. As a result I will be asking them to do more roof work. **Customer in Alton, 2 March 2012**

Re-felting of small porch flat roof 10 / 10

A very neat and professional job completed in my absence. Initial contact with Mr Hyder was easy and conducted in a friendly and professional manner. Work was inspected on completion, and after departure of contractor, by my architect trained son and assessed as outstanding by him. **Customer in Winchester, 27 January 2012**

Repair leak in house roof 10 / 10

Rain was coming through my bedroom ceiling. I phoned Mr Hyder who made a special effort to come and investigate promptly. He identified the cause of the problem on the roof, gave me an estimate and made the repair immediately. The cost was the same as estimate. The repair was effective, so no more leaks. **Customer in Eastleigh, 29 December 2011**
