 Replaced all sanitary ware including removing lead plumbing. Worked carefully not to damage Vitrolite wall panelling in bathroom; removed heavy cast iron bath, and retiled the toilet walls. All our requirements were met, achieving a perfect final result. Polite, careful, and reliable father and son team most willing to accomodate our wishes. Highly recommended. **Customer in Worcester Park, 30 March 2012**

**Removal of existing (faulty) "combi" boiler. Installation of new boiler.** 10 / 10  
 I have lived at this property for 33 years. Throughout this time, despite having various contractors, this firm has excelled its performance in everyway. Highly satisfied. **Customer in Sutton, 2 March 2012**

**Diagnose musty smell in bathroom** 10 / 10  
 Mark and Michael visited to look into the problem in my sons place. They quickly identified the cause as poor grout/sealant around part of the bath allowing water to collect below the bath. They made no charge for this. Will certainly be ready to use them again when I have further plumbing requirements. **Customer in New Malden, 13 December 2011**
