### Most Recent Customer Feedback

#### New Boiler Installation

10 / 10

The job was done as swiftly as possible on the day agreed. Mat Hayler himself carried out the work for me and, I have to say, I'm very impressed with the standard of his work. He was working in a very tight area and I thought the work would have taken longer and cost a lot more. The working area was left clean and tidy. The price I was quoted was the price I paid and I would recommend M H Heating to carry out any Central Heating work. **Customer in Bognor Regis, 6 December 2011**

#### New boiler fitted

9.8 / 10

What a polite man, very courteous, answered all my questions, very thorough. Very hard working, tidy workman. Had to work around the piles of junk in my house and a dark loft. Have already recommended him to three of my friends. **Customer in Chichester, 4 December 2011**

#### Service and repair of boiler

10 / 10

I would thoroughly recommend MH Heating - Matt Haylor is excellent. **Customer in Chichester, 19 October 2011**

#### Fitting of new boiler and new radiator heating system

10 / 10

Work was outstanding in every way, completed in time scale suggested - under 5 days, very polite and courteous, very tidy, very conscientious, ready to explain where needed every question asked, working in quite difficult conditions, worked very hard throughout, turned up when said would. **Customer in Chichester, 12 August 2011**

#### Flush out Combi Boiler

10 / 10

Having been without hot water all over the Easter period we were desperate to locate a Central Heating Engineer able to work on a Combi Boiler. We were fortunate to find Matthew on checkatrade. He came out within 3 hours and diagnosed

the problem. He advised us to have the boiler flushed, rather than recommend the more expensive alternative of replacement parts. He returned the following morning completed the work with no mess, and ensured all was well before departure. We would not hesitate to recommend his quality of work or charges. **Customer in Chichester, 27 April 2011**
