Most Recent Customer Feedback

Various building projects over 10 years+

10 / 10

Mark is a very reliable builder, who delivers exactly what he quotes with no nonsense and no fuss. I have been using him for more than 10 years, and been delighted every time. Nothing is too much trouble, he controls the jobs and his workmen and suppliers, keeps everything clean and tidy. Prices very reasonable. A1 builder, would go to him first every time. **Customer in Alton, 25 September 2011**

Re-pointing of house, new window installed inc. Redecoration of room and various other small jobs

9.8 / 10

Mark and Darren were excellent. The work was carried out exactly as agreed and they were extremely flexible in both making adjustments where requested and taking on a number of extra jobs. Quality of workmanship was very good and we are very pleased with the end job. They were great to have around and a good laugh, and tidied up after their work. Would thoroughly recommend. **Customer in Petersfield, 15 July 2011**

Single story extension

10 / 10

The work was well managed throughout the six weeks on site. The team arrived early, worked continually, and cleared up every day before departure. Subsequent additions were incorporated, and the additional costs fully explained, and were reasonable. A first class organisation, recommended without reservation. **Customer in Petersfield, 4 June 2011**

Remove internal walls and external door aperture and construct shell for new shower room

10 / 10

Had discussed proposed modifications with Mark for a couple of months prior to purchasing this house. Despite a constantly moving completion date Mark was able to commence work within 6 working days of the actual completion date. Even with my last minute changes to the work scope Mark completed with no fuss. Mark was reliable and kept me well informed and nothing was too much trouble. Cleaned up every day and kept site tidy. I would recommend without reservation. **Customer in Liss, 18 May 2011**

New double-garage build with store room above

10 / 10

We would thoroughly recommend Mark's company. The work was completed on time, exactly to the agreed estimate. Everything was extremely well managed and co-ordinated. Every stage of the work was clearly explained to us in advance and two small extra pieces of work we needed/ wanted were very flexibly accommodated. Mark and his team were all really friendly people and just so easy to get along with. Mark's ability to project manage his team; supplier deliveries; building control etc was frankly phenomenal. We will be recommending them to our friends and would use Mark's company again, anytime. **Customer in Alton, 1 April 2011**
