5 Fencing Panels and 3 Posts + Remove old fences/timber

10 / 10

We were very pleased with Jason's work. He turned up on time and got straight to work - no problems. In fact it was a pleasure to have Jason and Paul working to replace the fencing that had fallen apart following the recent windy weather. The team were extremely flexible and reliable. Both men were very polite and carried out the work without any problems. Everything was cleared up and tidy on completion. We would highly recommend these guys to anyone who needs their fences replaced. Quote was extremely reasonable in comparison to another company and materials are of good quality. A big thank you to Manor Gardens for your professionalism. **Customer in Crawley, 13 January 2012**

Removal of one (1) broken garden fence panel and Installation of one (1) fence panel

10 / 10

I contacted Jason because one of my garden fence panels broke due to the recent inclement weather in Crawley, West Sussex with high gale force winds and I needed the work to be completed urgently. Jason was very polite on the telephone and when I described to him what needed to be done and gave him the measurements of the fence to be replaced, he gave me a fixed price to do the job. This price included removal and disposal of broken fence panel and supply and installation of new fence panel-- I found this quote / price very reasonable given the current economic conditions and everyone having to tighten their belts so to speak and economise. Jason turned up on the day itself with his employee and they both completed the job extremely quickly and efficiently--in fact I was very impressed at how quickly, from start to finish, how expeditiously Jason completed the job. Overall to sum up, if you are looking for a job to be done quickly and with minimal fuss and effort you should contact Jason--his prices are excellent and cheap, especially for the South East of England--thank you very much Jason. **Customer in Crawley, 5 January 2012**
