**Resolve issue of lack of hot water and heating** 10 / 10  
Mark came to our house because we had no hot water or heating. The problem was due to an airlock which he quickly fixed and advised on what was required to prevent it happening again. What a gentleman. As the fault was so small, he didn't even charge us. Now days it can be very difficult to find a good tradesman, but I would certainly use Mark next time. Thanks again. **Customer in Crawley, 3 April 2012**

**Repair outside tap** 10 / 10  
The outside tap split in the recent cold and given the age of the house I had to turn the main stop-cock off and was without water. Mark found time to make an emergency dash over to fix the problem. I recommend him to friends and

family and their feedback is always a big thank you as he does a great job, he's reliable and quite simply a really lovely fella! **Customer in Horsham, 13 February 2012**
