Most Recent Customer Feedback

A new en suite shower room with toilet and sink, shower in bathroom 10 / 10
Ken is very reliable and friendly. He used his two sons to help with some of the work which was carried out excellently. I would recommend ken for your job. **Customer in Crawley, 7 May 2012**

Bathroom and toilet renovated and turned into shower room 9.5 / 10
Work done to a good standard and satisfied with the result. Dealt with unexpected problems well. **Customer in Horsham, 5 March 2012**

Complete refurbishment of bathroom. 10 / 10
My wife and I are completely delighted with the work carried out by Ken Martin on our bathroom. From the first meeting with Ken, we felt we were being given good, sensible advice on the options open to us and not "steam-rolled" into ideas as we had been by a previous tradesman who came round to quote. The work that Ken carried-out was :-
Erect new stud wall enabling fitment of back-to-wall WC and sink unit. Plumbing-in of WC and sink unit. Plumbing-in of new bath and shower-tower. Reversing taps from one end of bath to the other. Tile and grout walls. Install new LED mirror. Ken's son George skimmed the ceiling to a very high standard and we are about to instruct his son Lee to complete the electrical work with downlighters. Ken kept us well informed throughout, was really tidy and we were more than happy to leave him with our house key so he could come and go when we were not there. If you are looking for excellent tradesmen, look no further! **Customer in Horsham, 13 February 2012**

Complete bathroom refit 10 / 10
It was a pleasure to have Mr Martin in our home, he was punctual, polite and nothing was too much trouble. His work was also completed to a high standard. Whilst refitting our bathroom Mr Martin found work which the builders of our new extension had not done properly, he remedied their error at no extra cost. When our old bath was removed and it was discovered extra work would be required (because of an old leak) before our new bath could be put back, Mr Martin

stayed late to install our new shower cubicle as he was concerned about us not having anywhere to wash. I would highly recommend Martin Installation Services to anyone considering a bathroom refit. **Customer in Horsham, 31 January 2012**

Replace bath with shower enclosure

10 / 10

We asked Ken to remove bath and replace with shower enclosure, this job being for my elderly mother. Whilst she, like many elderly, does not like workmen in the house, she found him very amenable and approachable, and we were all very pleased with the work done, the job included additional tiling to existing tiling and you would not know the difference. Some minor tweaks have been required to the shower unit since, this more to do with the equipment rather than the installation, and Ken has returned to do this without any issue. **Customer in Horsham, 20 October 2011**
