Most Recent Customer Feedback

Rebuild front retaining wall and pier - Rendered finish

10 / 10

James and his co-workers always turned up early, worked late or weekends just to get the job done. Workmanship was of the very highest standard, work area was always left clean and tidy each night, including washing down the pavement each night to minimise mess to our neighbours. Extremely pleased with the outcome which has been admired by anyone visiting the house. I wouldn't hesitate to recommend James **Customer in Brighton, 15 December 2011**

Built single garage

10 / 10

Having used Masonry Construction Projects previously, I was confident of using them again and pleased to say that their workmanship was as good as the first time. They constructed the footings, floor and walls of a single garage for me. I will be sure to use them again for my extension. **Customer in Worthing, 4 November 2011**

Demolition and rebuilding of garden wall

9.8 / 10

James produced a good plan and supplied a detailed estimate. When unforeseen problems arose, he came up with good solutions, and amended the estimate very reasonably. The work was completed on time and to a very high standard. **Customer in Rottingdean, 13 October 2011**

Retaining Garden Wall and Pathway

10 / 10

Very friendly, courteous and considerate builder. All staff hard working and was kept fully informed at every stage of the build. Materials were sourced from the best value merchants to keep costs down. I would definitely recommend James and the team and look forward to welcoming them back for my upcoming decking project and house extension. **Customer in Peacehaven, 6 August 2011**

Chimney stack removal

10 / 10

Chimney stack removed throughout house, roof, ceiling, walls and floors made good. The work was completed efficiently and as painlessly as possible. James and co were absolutely lovely. We paid quoted price and will definitely call James for future works, no hesitation. **Customer in Brighton, 8 July 2011**
