Most Recent Customer Feedback

Single storey ground floor extension 10 / 10

Very pleased with the end result. This was the third job Gary and his team have done for us. Everyone is very friendly and as long as you have an ample supply of custard cream biscuits you will not go far wrong! **Customer in Horsham, 26 August 2011**

Brick wall, driveway, step to front door 9.8 / 10

Quote price is fair and reasonable. Very polite and tidy. Able to give suggestions to customer which I think it is very helpful. Work quality is good. Would recommend him to anyone. **Customer in Brighton, 21 October 2010**

Raised Deck Area 10 / 10

Gary came up with the concept of the design after we told him roughly what we were looking for. The attention to detail and quality was second to none - we are most impressed.

Customer in Worthing, 1 May 2010

Relined top of brick walls with concrete and new trellis 10 / 10

After having 3 different estimates I found the above trader was best value for money, very professional, efficient, tidy and helpful with advice on work carried out, highly recommended. **Customer in Worthing, 3 April 2010**

New brick wall, built at front of premises 10 / 10

Good workmanship and reliable. **Customer in Worthing, 3 April 2010**
