### Most Recent Customer Feedback

#### Removed old and installed new kitchen and laid solid oak flooring 10 / 10

Mike was recommended through a friend. He is the most hardworking and industrious builder we have ever employed. He worked solidly from the moment he arrived and always left the site tidy each evening. He kept me updated daily and took on the extra bits of work I asked for as well as advising me of the best and most economic options. I would have no hesitation in recommending him and am sure we will use his expertise again in the future. **Customer in Totland Bay, 24 November 2011**

#### Replastering a complicated bedroom 10 / 10

Mike arrived on time, friendly, polite, professional and a pleasure to have around. Mike did an excellent job and we would definitely use Mike again, and recommend Mike to others, without hesitation. **Customer in Cowes, 26 April 2011**

#### Fitted new kitchen, tiled walls and floor. 10 / 10

Our new kitchen is absolutely stunning, so much so we keep thinking its not our home. Mike is totally honest and trustworthy, Extremely hard working and dedicated. He kept us informed on what he was doing, suggested improvements and nothing was too much trouble. The standard of the finishing demonstrates the love and attention to detail that he puts into his work. I would recommend MCS Renovations to anyone who was thinking of getting a new kitchen. **Customer in Ryde, 15 November 2010**

#### Repair of ceiling, complete coverage with plasterboard and final skimming 10 / 10

Mike did an excellent job - started at 08:15 and finished at 14:15, and when I say "finished" that included cleaning up afterwards and loading up his van. Can't speak too highly of him. **Customer in Ryde, 25 September 2010**

#### Plastered house walls and ceilings 10 / 10

On time, hard working, excellent job. Given the condition before he started Mike has transformed a tired 1970's house into a modern up to date property, flattening artex and uneven walls. Great job, and top of the list for any future building work.
