Kieran worked hard all day with only a short break. I will be using him again for some other electrical work that needs to be done. **Customer in Morden, 17 May 2012**

Complete Rewire

10 / 10

We are very pleased with our house re-wire carried out by Kieran and his team from Merlin. They exceeded all our expectations. When Kieran visited to quote for the work we found his advice very valuable. The resulting quote was highly competitive and was clearly itemised allowing us to know the impact of any changes we were considering. The project started on the agreed date and finished on time. The quality of the workmanship was first class; we are exceptionally pleased with the finished result. The team arrived at 8am 'on-the-dot' every morning and worked diligently through the day. The impact on our household was minimal, which is impressive given the scale of work undertaken. They took every step possible to minimise the dust and dirt, cleaning up after each piece of work and thoroughly cleaning each evening. The team were really friendly and a pleasure to have working in our house. I recommend Kieran his team from Merlin without hesitation. **Customer in Wallington, 20 April 2012**
