### Most Recent Customer Feedback

#### Replaced kitchen tap and pipes

9.5 / 10

Arthur was really polite and helpful - he explained exactly what he was going to do and why it needed doing. He got everything done quickly and neatly, with no disruption, which was brilliant because I was working from home that day.  
**Customer in Brighton, 26 August 2011**

#### Replaced immersion heater

9.3 / 10

Arthur was very friendly and helpful (sorted out a leak from the flat above, as well as the above job). He appeared extremely competent and knowledgeable. Time keeping was a slight issue but really not a problem, and understandable since Arthur was busy on other jobs. He also appeared trustworthy and honest, I would recommend him very highly to a friend.  
**Customer in Brighton, 8 June 2011**

#### Replaced water cylinder

10 / 10

I spoke to Arthur on the phone and he correctly diagnosed a problem with my (ancient) hot water cylinder (even allowing me to send him a Whatsapp image). When he turned up he was very courteous and moved all the stuff wedged in around the cylinder and went through the options available, then highlighted the fact that a new water cylinder was necessary. I would point out that I'm always sceptical about tradesmen saying things extra need to be done, but there was none of the typical 'sucking in through teeth'. He detailed what needed to be done (as I always ask 'why?') and he gave a satisfactory explanation. He went to pick up the new cylinder, installed it, adjusted temp. Settings and actually mentioned other things that may be useful to know in the future. Very happy with the service. Would definitely recommend.  
**Customer in Brighton, 4 April 2011**

#### Mains leak located and repaired

10 / 10

Excellent service. Tricky locating leak and an awkward repair - but all completed quickly and efficiently. **Customer in Brighton, 2 March 2011**

**Put in water supply for washing machine**

10 / 10

Good job, very quick to come out, very satisfied. **Customer in Brighton, 18 January 2011**
