The fitting of a Loft Ladder and new Loft Hatch together with floor panels in loft. 10 / 10

Chris has carried out a number of jobs for us before and we have always found his work to be of a very high standard. On this occasion we requested a Loft ladder and flooring. On the advice of Chris we opted for a new PVC Loft hatch and surround and very smart it looks too. He has carried out a great job and we are very pleased with it. We have decided that we have two more projects for him this year and look forward to furthering our acquaintance with him. **Customer in Haywards Heath, 26 January 2012**
