#### Repair a wall damaged by water leak

10 / 10

Matt came and give a good appraisal and quote for the repair work based on the knowledge at the time - with a water leak you never know for sure what the true work will be until it is stripped back. Additional work was found because of shoddy work that had been done previously to block up an old chimney place. We found Matt very reliable and good worker. On the odd occasion when he knew he would not be with on the expected date due to arising on another job, he informed us promptly and in good time. We would have him back any day safe in the knowledge that we'd get a good job done. **Customer in Portsmouth, 12 November 2011**

#### Knocked kitchen, dining room and utility room into one large area.

#### Also did plastering, tiling, plumbing, wooden flooring and fitted new kitchen units.

10 / 10

Matt was polite, friendly and hard working. He tidied up at the end of the day, kept us abreast of developments and stuck to his quote. He carried out the work to a very high standard and we were delighted with the final result. We would certainly use him again and highly recommend him to others. **Customer in Fareham, 26 September 2011**

#### Matt fitted my work tops and sink.

10 / 10

Matt is a lovely guy and did everything he said at the price he quoted. He was also happy to give me advice as I was fitting my own kitchen. **Customer in Southsea, 1 February 2011**

#### Complete renovation of small bathroom.

9.5 / 10

Matthew pulled out the old bathroom and rebuilt a new, more modern one. The general design and the choice of materials showed excellent taste and the few problems encountered were solved quickly. Although suffering from a bad cold, he was determined to complete the work within a reasonable time span and, indeed, achieved this. There was absolutely no difficulty about the price to be paid; he kept strictly within estimate. A very pleasant young man, honest, and easy to get on with. I am very pleased indeed with the whole business, and recommend him unreservedly.
