### Most Recent Customer Feedback

#### Pair of bespoke oak doors. 10 / 10

I cannot recommend this Joinery company high enough. Just excellent in every way and I should know as I am a architect. **Customer in Romsey, 8 May 2012**

#### Bespoke oak shelving and oak bathroom unit 10 / 10

Mark's work has been outstanding; everything we wanted, finished perfectly, faster than expected, and went beyond we expected him to do. Highly recommended. **Customer in Winchester, 25 April 2012**

#### Fitted wardrobe 10 / 10

MKH did a superb job of making and fitting a double wardrobe. Mark understood what was required and produced a perfect design which was quickly fitted and finished to an excellent standard and no mess was left at the end of the job. I would thoroughly recommend this joiner/carpenter and have used him many times in the past. Friends have also employed him and been equally pleased with the high standard of workmanship. **Customer in Winchester, 23 April 2012**

#### Kitchen Island Unit 10 / 10

Yet again Mark has completed an excellent project for us. He has helped us to design an island unit which complements the contours of our new kitchen perfectly. The unit he has produced easily accommodates seating and storage while allowing free access around the kitchen and it looks good too! It can also be moved from its position across our oakfloor if necessary. All done on time and to budget with his usual courtesy and careful attention to detail. A great job!  
**Customer in Alresford, 5 March 2012**

#### Various bespoke cabinets as part of a house renovation 10 / 10

Mark's work is of the highest standard and reflects his impeccable craftsmanship and standard of service. Therefore we give him the highest recommendation. He has worked with us to interpret our designs for 14 individual cabinets including wardrobes, vanity units, airing cupboards, larder, housing for American fridge freezer and a 6 metre long shelving unit with mirrored back to opens out a narrow room. Mark has been able to give a great deal of technical and aesthetic input to produce cabinets that are both good to look at and fit for purpose. The project has been a long, complex renovation of a Victorian building and has required Mark to plan the work with precision in order to integrate with many other trades where timing is of the essence and reliability is essential. He has shown great teamwork and toleration and met all the deadlines with a smile, on time and to price. He is a pleasure to work with and we look forward to working with him again in the future. **Customer in Winchester, 16 November 2011**
