#### Dismantled old shed, constructed new one (ready-made) built small platform for compost heap 10 / 10

Mark is our regular now for any building/carpentry jobs we have! Courteous, hard working and reliable. One of very few workmen I've come across who always take their shoes off in the house without prompting! **Customer in Southampton, 15 May 2012**

#### Conversion of garage to office/gym area

10 / 10

We can't recommend Mark and the other guys who worked on our conversion highly enough. The finished job is exactly what we'd hoped for and more, and was finished two days earlier than quoted. Mark is conscientious, extremely hard-working, and has an attention-to-detail that really makes a difference. The finish on the entire job is of an excellent standard, very high quality all round. Mark called in a plumber, electrician and plasterers to help complete the job, and these guys were also superb, working quickly, on-time and to a very high standard, and all project-managed by Mark, who linked the whole thing together and even made sure that everything was clean and tidy at the end of each day. We wouldn't hesitate to use MPS again for any carpentry or building work around the house, and we would recommend Mark and his colleagues with the highest recommendation. **Customer in Southampton, 12 March 2012**

#### Rebuild of integral bedroom wardrobes and arranging for ceilings to be re-plastered and some minor electrical works.

9.8 / 10

Work was completed as discussed, on time and as per estimate. Some mess from the plastering work (which is to be expected) but still very happy with the work done. **Customer in Romsey, 8 February 2012**
