### Most Recent Customer Feedback

#### Flat roof replacement

10 / 10

MSL had done work for us previously so I had no hesitation in asking them (and others) to quote for this work. Their quote was the most competitive and once again they could not be faulted in any aspect of the job from initial contact to job completion. I unreservedly recommend this company. **Customer in Leatherhead, 7 March 2012**

#### Chimney flashing and surrounding tiles

10 / 10

I thoroughly recommend this company and strongly suggest anybody looking for roofing work to be done gives them a try. The recent heavy rain and wind created a leak around our chimney when tiles slipped and the flashing split. Matt and his team came round the same day I made contact, diagnosed the problem and offered solutions (short term or permanent). Matt instilled a lot of confidence with his approach and attitude, and with me having opted for a permanent solution he subsequently came back with a very competitive quote. Despite Matt's heavy workload he managed to fit us in just two days later when one of his team, Adam, came round and completed the job with the same professional and friendly attitude displayed by Matt. All positives dealing with these people. **Customer in Leatherhead, 10 January 2012**

#### Moss removal, roof maintenance, soffits, fascias and gutters replaced

10 / 10

Hard working team who did a very good job. **Customer in Leatherhead, 22 December 2011**

#### Dormer roofs re-felted, partial re-felt and re-tile

10 / 10

Really impressed. From our first contact with Matt we were impressed by his attitude and approach. He organised the scaffold and was there when it was erected. Matt and his team arrived at the agreed time and got on with the work straight away in a very efficient manner. They uncovered some further work that was required and Matt discussed the extra cost of the work – but at the end of the job he didn't charge for this and kept to the original quote – very unexpected and I was prepared to pay the extra. All the team were very polite and courteous and I would definitely recommend MSL roofing and use them again. **Customer in Cobham, 17 November 2011**

**Chimney leak into roof mended, chimney repointed and weather-proofed. Some ridge tiles lifted and reseated and a roof valley also replaced. 10 / 10**

I cannot recommend this company enough. Having contacted Matt for an estimate and assumed the chimney flashing had split and caused a leak, on examination he said the flashing was ok and didn't need replacing, but told me a tile had split and some mortar around the chimney etc. Needed replacing. I (not Matt) added the need to sort out some of the ridge tiles due to obvious signs of wear and we discussed the need to replace a valley as there was a leak at the bottom, and there were signs of previous remedial work. Matt's overall approach gave me confidence when dealing with him, and the subsequent hard work and professional attitude displayed by Adam and Mason over a day and a half to complete the job was excellent. They simply got on with the job, and left everything very tidy before going each day. As a company they are clearly proud of their rating on checkatrade, and they thoroughly deserve it. **Customer in Leatherhead, 10 November 2011**
