### Most Recent Customer Feedback

#### Diagnose and replace crankshaft sensor

10 / 10

First time I've used Matt's services. Came out the same day I called to diagnose a faulty crankshaft sensor. I was given the choice of sourcing the part myself or for Matt to supply. I left it all in his capable hands and we set a day and time for the replacement to be fitted (2 days later). Matt turned up on time and set to work straight away. The work was completed in around 45 mins including a test drive. Very efficient and polite along with a very reasonable charge for the work undertaken. I highly recommend you give Matt a call. **Customer in Horsham, 25 May 2012**

#### Air Flow

10 / 10

I was very impressed by the prompt attention, speed of work undertaken and the explanation of the work that needed to be carried out. I found Matt Staff to be a very knowledgeable and courteous guy and will have no hesitation in recommending him to all my friends and colleagues in the future and I will certainly use him again. **Customer in Horsham, 13 March 2012**

#### Changed alternator

10 / 10

Very polite and efficient. Even advised on a couple of other parts that needs sorting. Very good service and will be using again **Customer in Horsham, 11 January 2012**

#### Slave Cylinder

10 / 10

Yet again, Matt arrived and completed the work quickly and efficiently. Excellent customer service. Can't fault **Customer in Pulborough, 29 November 2011**

#### Engine maintenance light on

10 / 10

Matt was prompt, professional and extremely customer focused. He diagnosed the problem within minutes and was able to offer various solutions and some much needed advice. I will definitely be using Matt again. **Customer in Horsham, 22 November 2011**
