#### Kitchen Extension and New Patio

10 / 10

The kitchen extension to our home has recently been completed and we are absolutely delighted with the results. We have been very impressed with the high standard of workmanship throughout the build and the way all the team were so hard working, cheerful, considerate and efficient! The team were always on time, materials delivered when required and there was always continuity of work! Bill, David and their team were really great to work with during the build - we found them all extremely helpful, honest, friendly, courteous and very good humoured! David was clear about how the work would be carried out all the way through (we were also provided with a schedule which was very helpful) and he was always available to provide answers to any queries and offer good advice! We would most certainly use this company again and have absolutely no hesitation in recommending N and W Beattie Construction as a reliable, friendly, trustworthy and professional company! **Customer in Beckenham, 20 October 2011**

#### Replacing driveway and parking area

10 / 10

I was recommended to N&W Bettie and an appointment was arranged in order that an estimate could be given. A few days later I received the estimate and phoned with a few queries which were dealt with and a start date agreed, at the

same time I was informed how long the job would take. On the agreed start date men, materials and equipment arrived, the men worked very well with nothing being too much trouble, each night the site was left in a clean and tidy condition. Despite extra work being required by me the job was finished on time. I am extremely pleased with the work and would have no hesitation in recommending this company. **Customer in Mitcham, 19 October 2011**

We would certainly use them again. **Customer in Beckenham, 26 August 2011**
