Most Recent Customer Feedback

Power points changed and light fitted 10 / 10
 Terrific service, quick response. **Customer in London, 16 January 2012**

Install new fuse boards and lighting circuits. 10 / 10
 Would highly recommend Nick for any electrical work. **Customer in London, 1 January 2012**

Electrical inspection, fault traced and rectified, new consumer board supplied and fitted 9.8 / 10
 Very satisfied with the work, professional, conscientious and thorough and the cost was reasonable. **Customer in London, 6 August 2011**

Electric supply for automated gates 10 / 10
 Nick was quick and efficient. Five different contractors were involved in automating our entrance gates and Nick was the most reliable of all. **Customer in London, 5 August 2011**

Replaced several light fittings, fit exhaust fans and changed a light switch 9.8 / 10
 Nick was very accommodating and came to view the job in the evening and arranged to do the work on a Saturday. It was a few days wait for him to call me back to arrange a date and he was 25mins late for the job. However, I consider these minor issues considering he just got on with the job, is very tidy and extremely personable. I would definitely use him again and also recommend him. **Customer in London, 30 July 2011**
