#### Installed Central Heating

Would highly recommend him. While doing the quote, he was able to come up with an efficient, cost effective solution that most of the other companies overlooked. He arrived on time and got straight on with the work in a competent and professional manner, and the job was done within the time frame and the price he had quoted. He clearly has quite a lot of experience and a good work ethic and we were delighted with the result **Customer in Littlehampton, 15 February 2011**
