Block patio laid

10 / 10

Work involved ground clearance and laying a patio around a garage and next to fences. No damage done to anything as far as I can see. The standard of the work is exceptional with tiny bits of brick being cut to accomplish the required finish. Very happy with the result. **Customer in Southampton, 18 May 2012**

Relaying patio

An excellent company to do business with, nothing was too much trouble, any problems were fixed immediately without any fuss. Dave and his crew worked their socks off in all weather conditions! Wasn't the cheapest bid, but was certainly the best quality in the end, you get what you pay for. **Customer in Southampton, 22 April 2012**
