#### Installation of new boiler

10 / 10

Cannot praise Neal and his team highly enough. Pity I didn't know about them years ago - I will certainly call Neal for any future work I may need doing. If you want first class service by an A1 team who you can trust, I suggest you use them too! **Customer in Durrington, 31 January 2012**

#### Removal of old boiler and installing a new one

10 / 10

I have no hesitation whatsoever in recommending this company. The quote was competitive, no bamboozling me with science or unnecessary 'extras'! The work carried out quickly. The workmen were punctual, extremely courteous and they replaced the boiler with a minimum of fuss and tidied up after themselves. They even put with my inquisitive collie! Thank you for a job done well! I would certainly use you in the future. **Customer in Worthing, 11 January 2012**

#### Motorised Valve replaced

10 / 10

Mr Lees responded to my call very swiftly and the valve was replaced the next day. Very pleased to have heating over Christmas! Excellent job. **Customer in Worthing, 10 December 2011**

#### Installing new boiler

10 / 10

Neal and his great team did an excellent job installing a new boiler and radiators, and I'm really pleased with everything. I needed to replace an old back boiler and Neal recommended fitting the replacement in the loft. I thought there would be a lot of disruption, but the whole job was done in just a few days with none of the mess I was expecting. Neal's team were really patient and considerate with all my questions, and went the extra mile to make sure things were right. Neal inspires confidence with his knowledge and experience, and goes about things very professionally. Good value for money too. I would recommend and use again. **Customer in Shoreham-by-Sea, 13 November 2011**
