Most Recent Customer Feedback

Lighting and audio system.

10 / 10

Norvett Electronics was the perfect choice for the job - the quote arrived the day after I had contacted them, and a date was set for the work to start. They arrived on time, were professional, tidy and worked as a team with the main contractor.

Customer in Polegate, 23 January 2010

Many electrical jobs over the past five years including major wiring works throughout our house, an alarm system and lighting in our garden

10 / 10

We have been very happy with all the work that Norvett have done for us. They are excellent tradesmen, courteous, provide really fantastic customer service and value for money.

External Lighting of house and out buildings

10 / 10

Norvett's deigned a low power lighting scheme for the outside of our house and garage. The house looks great the design really shows off the house and lights up all walkways around the house. Mark Norman the MD put to us his design using low power environmentally friendly LEDs on a timer sytem, now the whole estate wants them!

Great design reasonably priced excellent service highly recommend the team we are delighted...

Customer in Seaford, 6 October 2009

Re-wire of property and audio system

10 / 10

This was a total renewal of the electrics and audio system in a four bedroom house. Very efficiently done and any queries which I had were explained with courtesy and patience. Highly recommended.
