#### Removed old kitchen and installed new one

10 / 10

We are very pleased with the work carried out. As this was an old kitchen it was not very straight forward and you needed someone who was experienced. Problems that arose were quickly dealt with. They always arrived on time and although the work took longer than was originally thought they continued with it and did not go off to other jobs. It was also good that any work such as plastering, electrics etc was done by them saving us the hassle of finding other tradesmen. We would not hesitate to employ them again. **Customer in Hassocks, 18 July 2011**

#### Complete Kitchen refit with new boiler and tiling and flooring
