I didn't know Stuart from Adam, I can not stress to you how much of a pleasure it has been to work with on this, really quite stressful, project. He has got me out of a right old pickle. With the best results he possibly could in the time given with the circumstances given. Great stuff! **Customer in Wimborne, 2 May 2012**

Spraying of kitchen cupboards

Well what can I say, Stuart is a fantastic guy, workmanship of the highest order. From quote to finish Stuart was excellent. The kitchen cupboards and units were completely resprayed, from a beech colour to cream, the result is amazing, I can honestly say that is like having a complete new kitchen, the finish that Stuart has attained is 11 out of 10. We would like to Thank Stuart for his hard work and would definitely use him again and definately recommend him to others. **Customer in Chichester, 22 December 2011**

Spray painting kitchen cupboards

10 / 10

Stuart is a perfectionist and he certainly lives up to his word! My cupboards were a boring wood finish, and are now a stunning brilliant white gloss, which completely changes the light in my kitchen. The doors were taken away and returned with the least of hassle and at a time that was suitable to me. I have been let down by so many workmen in the past, so I have delight in being able to thoroughly recommend this service. **Customer in Christchurch, 21 December 2011**

Stuart transformed our tired kitchen cupboards to new!

10 / 10

Stuart is a thoroughly decent hard working professional. He transformed our kitchen units from dark wood to a light cream finish. The make-over cost a fraction of what it would have cost to install a new kitchen and yet it looks like a new kitchen!!! We are thrilled with the results and would highly recommend him to others! **Customer in Pulborough, 28 November 2011**

Spraying of Wardrobe doors

10 / 10

I had my wardrobe doors sprayed by Onsite paint. The doors were taken away and sprayed whilst the fitted bedroom unit was sprayed in the bedroom. I pointed out the door on my cooker hood which I had tried to paint myself to improve its appearance; Stuart rubbed it down and sprayed it with the paint I had been brushing on, it looked great. **Customer in Bournemouth, 5 November 2011**
