Replace old front door

Neil replaced our existing door with a new double glazed door

The work was carried out to a very high standard and Neil ensured that we had a good understanding of how the door mechanism worked before leaving

Great work, thank you **Customer in Worthing, 7 February 2012**

I would recommend Neil and his team to anyone. The 7 new windows, 2 of them large bays, were fitted quickly, cleanly and to a very high standard of finish. At the end of each day our house was left clean and tidy. **Customer in Worthing, 6 February 2012**

Replacement doors

They replaced old wooden doors, back and front, with composite doors and new frames. They are brilliant and the quality of finish around the door frames is excellent. No more drafts! **Customer in Worthing, 12 December 2011**

Replacing existing wooden window with UPVC

10 / 10

This was not a straight forward job as we have lots of individual window casements. Replacing them turned out to be tricky but they did a great job paying attention to the details and aesthetics. **Customer in Worthing, 2 December 2011**
