Big Extension on the back of our house

10 / 10

I would 100% recommend Orchard Building Services. They have built a fantastic extension, finished to the highest standard. They were always polite and courteous and daily gave me a report as to what had happened and kept me up to date with how progress was being made. They were advising me and often sorted out complications without delay or extra expense. We were quite nervous about using builders, worried about disruption etc, but the team at Orchard Building Services made it very easy for us. Thank you to the whole of the team involved, I would 100% recommend them to work for someone else. **Customer in Chichester, 18 October 2011**
