- New boiler, modified gas pipe in garage for new utility room** 9.8 / 10
 Sean and Matt arrived promptly and got on with the work entailed including fitting TRV to a number of radiators. Saved some money on advice from Sean as our boiler programmer did not really need replacing (I originally requested the existing programmer to be replaced in the quote). Cleaned up area afterwards. Very happy with work carried out and will be calling on him again for any future work. **Customer in Shepperton, 27 March 2012**
