Most Recent Customer Feedback

Made to measure built in shelving unit for records and cds to fit in alcove 9.8 / 10

Paul has made a fabulous set of shelves that fit exactly into the space available. He recommended the design and materials to support the weight of the records, and worked painstakingly to ensure the end result is perfect. We are really pleased, and would highly recommend him. **Customer in Burgess Hill, 30 March 2012**

Replacement and painting of two exterior doors 9.8 / 10

Work was completed to a very high standard. Original estimate was to replace one door and renovate the other, but when the old paint was stripped off it was found that both doors had to be replaced. I would have no hesitation in using Paul again and would strongly recommend him to others. **Customer in Haywards Heath, 28 March 2012**
