#### Replace broken pane of glass in porch door

10 / 10

I expected to have to replace all the glass in a period door. And wooden surround. The pane of glass was matched much more accurately than had been done on an previous occasion. Old grouting was cleared out. The door now looks better than it has for years - and for much less than I had thought! Excellent work. **Customer in Redhill, 15 December 2011**
