Most Recent Customer Feedback

Replaced leaking garden tap

10 / 10

Even though it was a small job at very short notice, they were happy to come round early Sat morning so we wouldn't be left with it leaking all weekend. Couldn't have been more helpful and very reasonably priced. Would definitely recommend. **Customer in Brighton, 29 January 2011**

Removal and replacement of boxed in section of central heating installation

10 / 10

The work was done, paying attention to detail and to the price(s) agreed. Given the size of the job it was treated with consideration and professionally finished in a way normally reserved for much larger projects.

Thanks

Put sealant around leaking window frame

10 / 10

Mr Lower was punctual on the day and time of arrival. He explained what he was going to do to solve the leak, and he was a tidy worker. **Customer in Hove, 3 August 2010**

2 room extension (kitchen diner and bedroom).

9.3 / 10

We didn't move out during the 14 weeks work so it was a challenge - not least of all as we had a 6 week old baby when the work started in April. Despite that Paul and his team did their very best to respect our privacy in the small amount of space we had left. We were delighted with the end result a really professional finish. Paul, in particular, was extremely conscientious and a real craftsman with so many skills.

Customer in Peacehaven, 15 July 2010

Major house renovation, walls removed, creating new bathroom, creating new kitchen, conservatory, decking etc **9.8 / 10**

Paul, Barry and the team were a pleasure to work with - very hard-working and reliable, and well-experienced in the wide range of tasks needed for this large project. Paul's carpentry skills in particular were excellent. I would highly recommend them. **Customer in Lewes, 22 April 2010**
