Most Recent Customer Feedback

Install new boiler and modify pipe work

10 / 10

Pete had to work very hard on this one as the controllers would not work properly. He finally got it right with controller number three, and the system now works 100%. Despite all this he kept to his original quote. Pete is a very good tradesman, who is very good at solving problems as he meets them. I have no hesitation in recommending him for any work, large or small. Thanks Pete for another really good job. **Customer in Wimborne, 10 February 2012**

Repair leaking central heating pipe work

10 / 10

We had water leaking out of a pipe in our hallway all over the oak flooring. I called Pete and he was there within an hour, he drained our central heating system, repaired the pipe work and refilled the system. This was all done very quickly and with minimum disruption. I would highly recommend PSP. **Customer in Ferndown, 2 February 2012**

Identify and fix problem with heating pump

9.8 / 10

Excellent service. **Customer in Christchurch, 7 January 2012**

Boiler service and safety check.

10 / 10

Prompt and efficient. **Customer in Broadstone, 6 January 2012**
